

My day at the dentist.

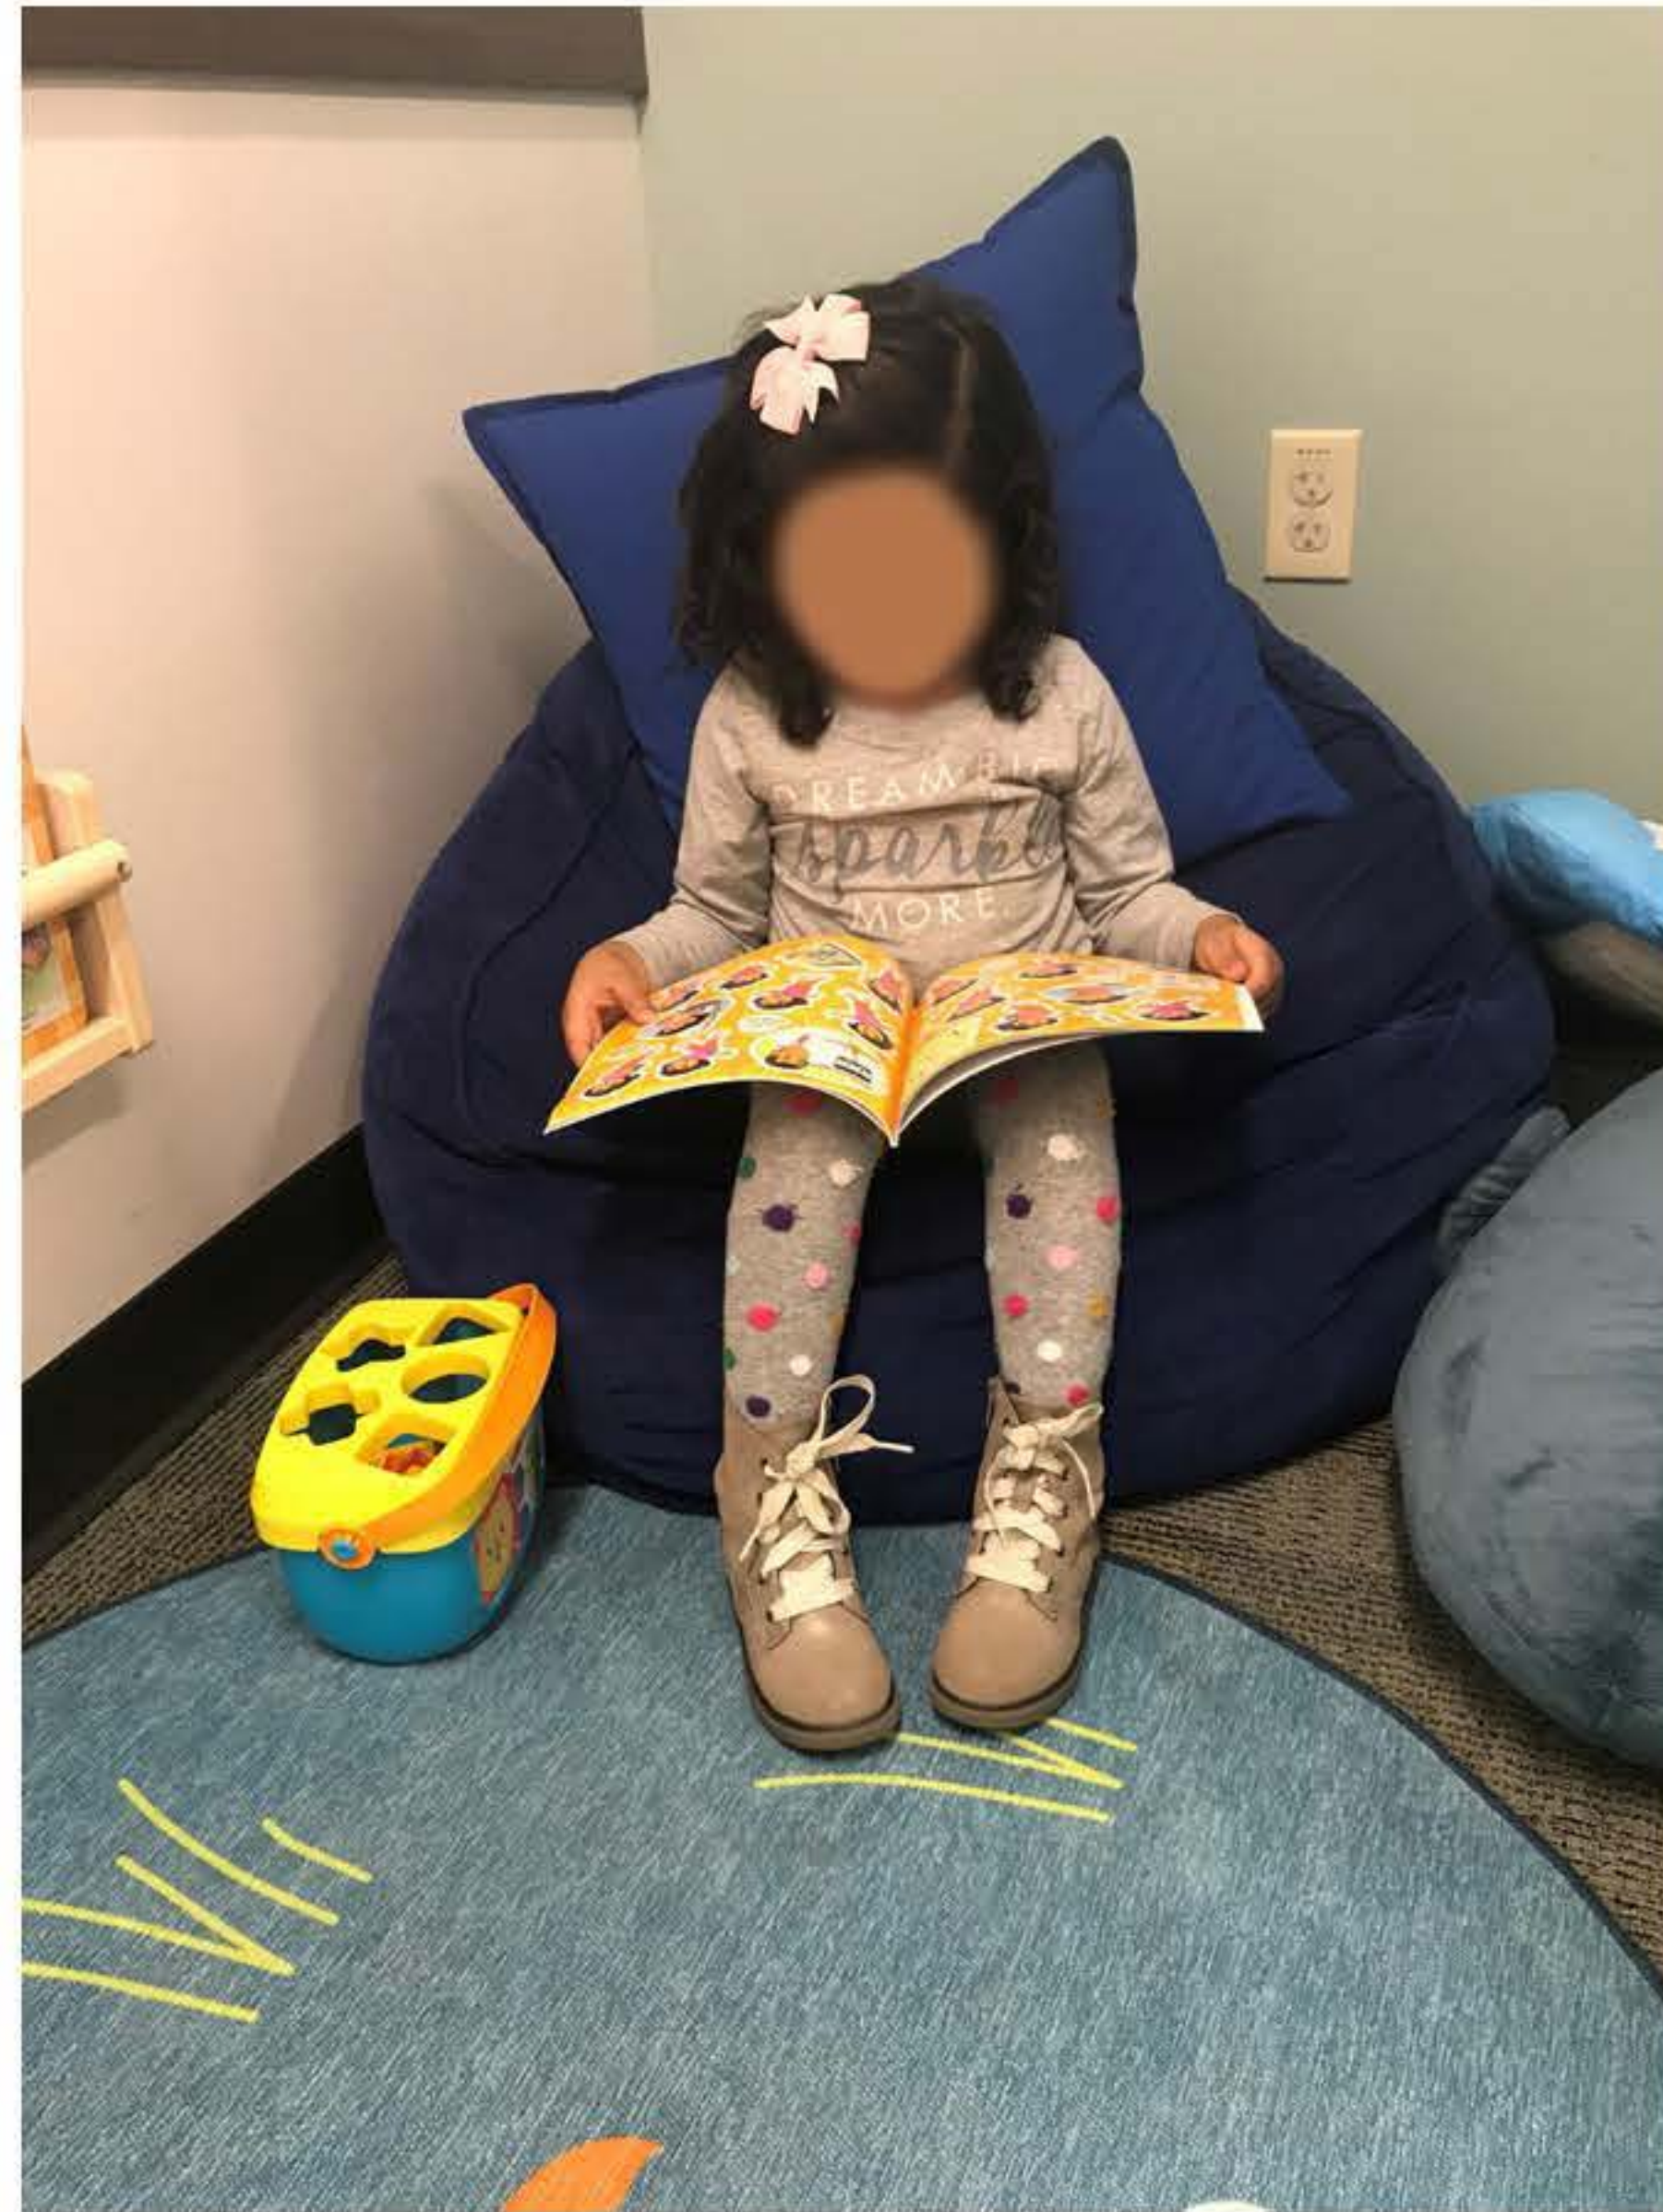

YOUR HEALTH | YOUR CLINIC | YOUR NEIGHBORHOOD

I'm going to see the dentist today to have my teeth checked! The dentist will make sure my teeth are healthy and clean.

My dentist is named Dr. P. I will meet her and Kathy the Dental Assistant and maybe Rachel the Dental Hygienist.

**I wait to see the dentist. I
can look at books or play
with toys.**

**When it's my turn, I will
walk inside.**

**First, the team will check
how tall I am.**

See how easy it is?

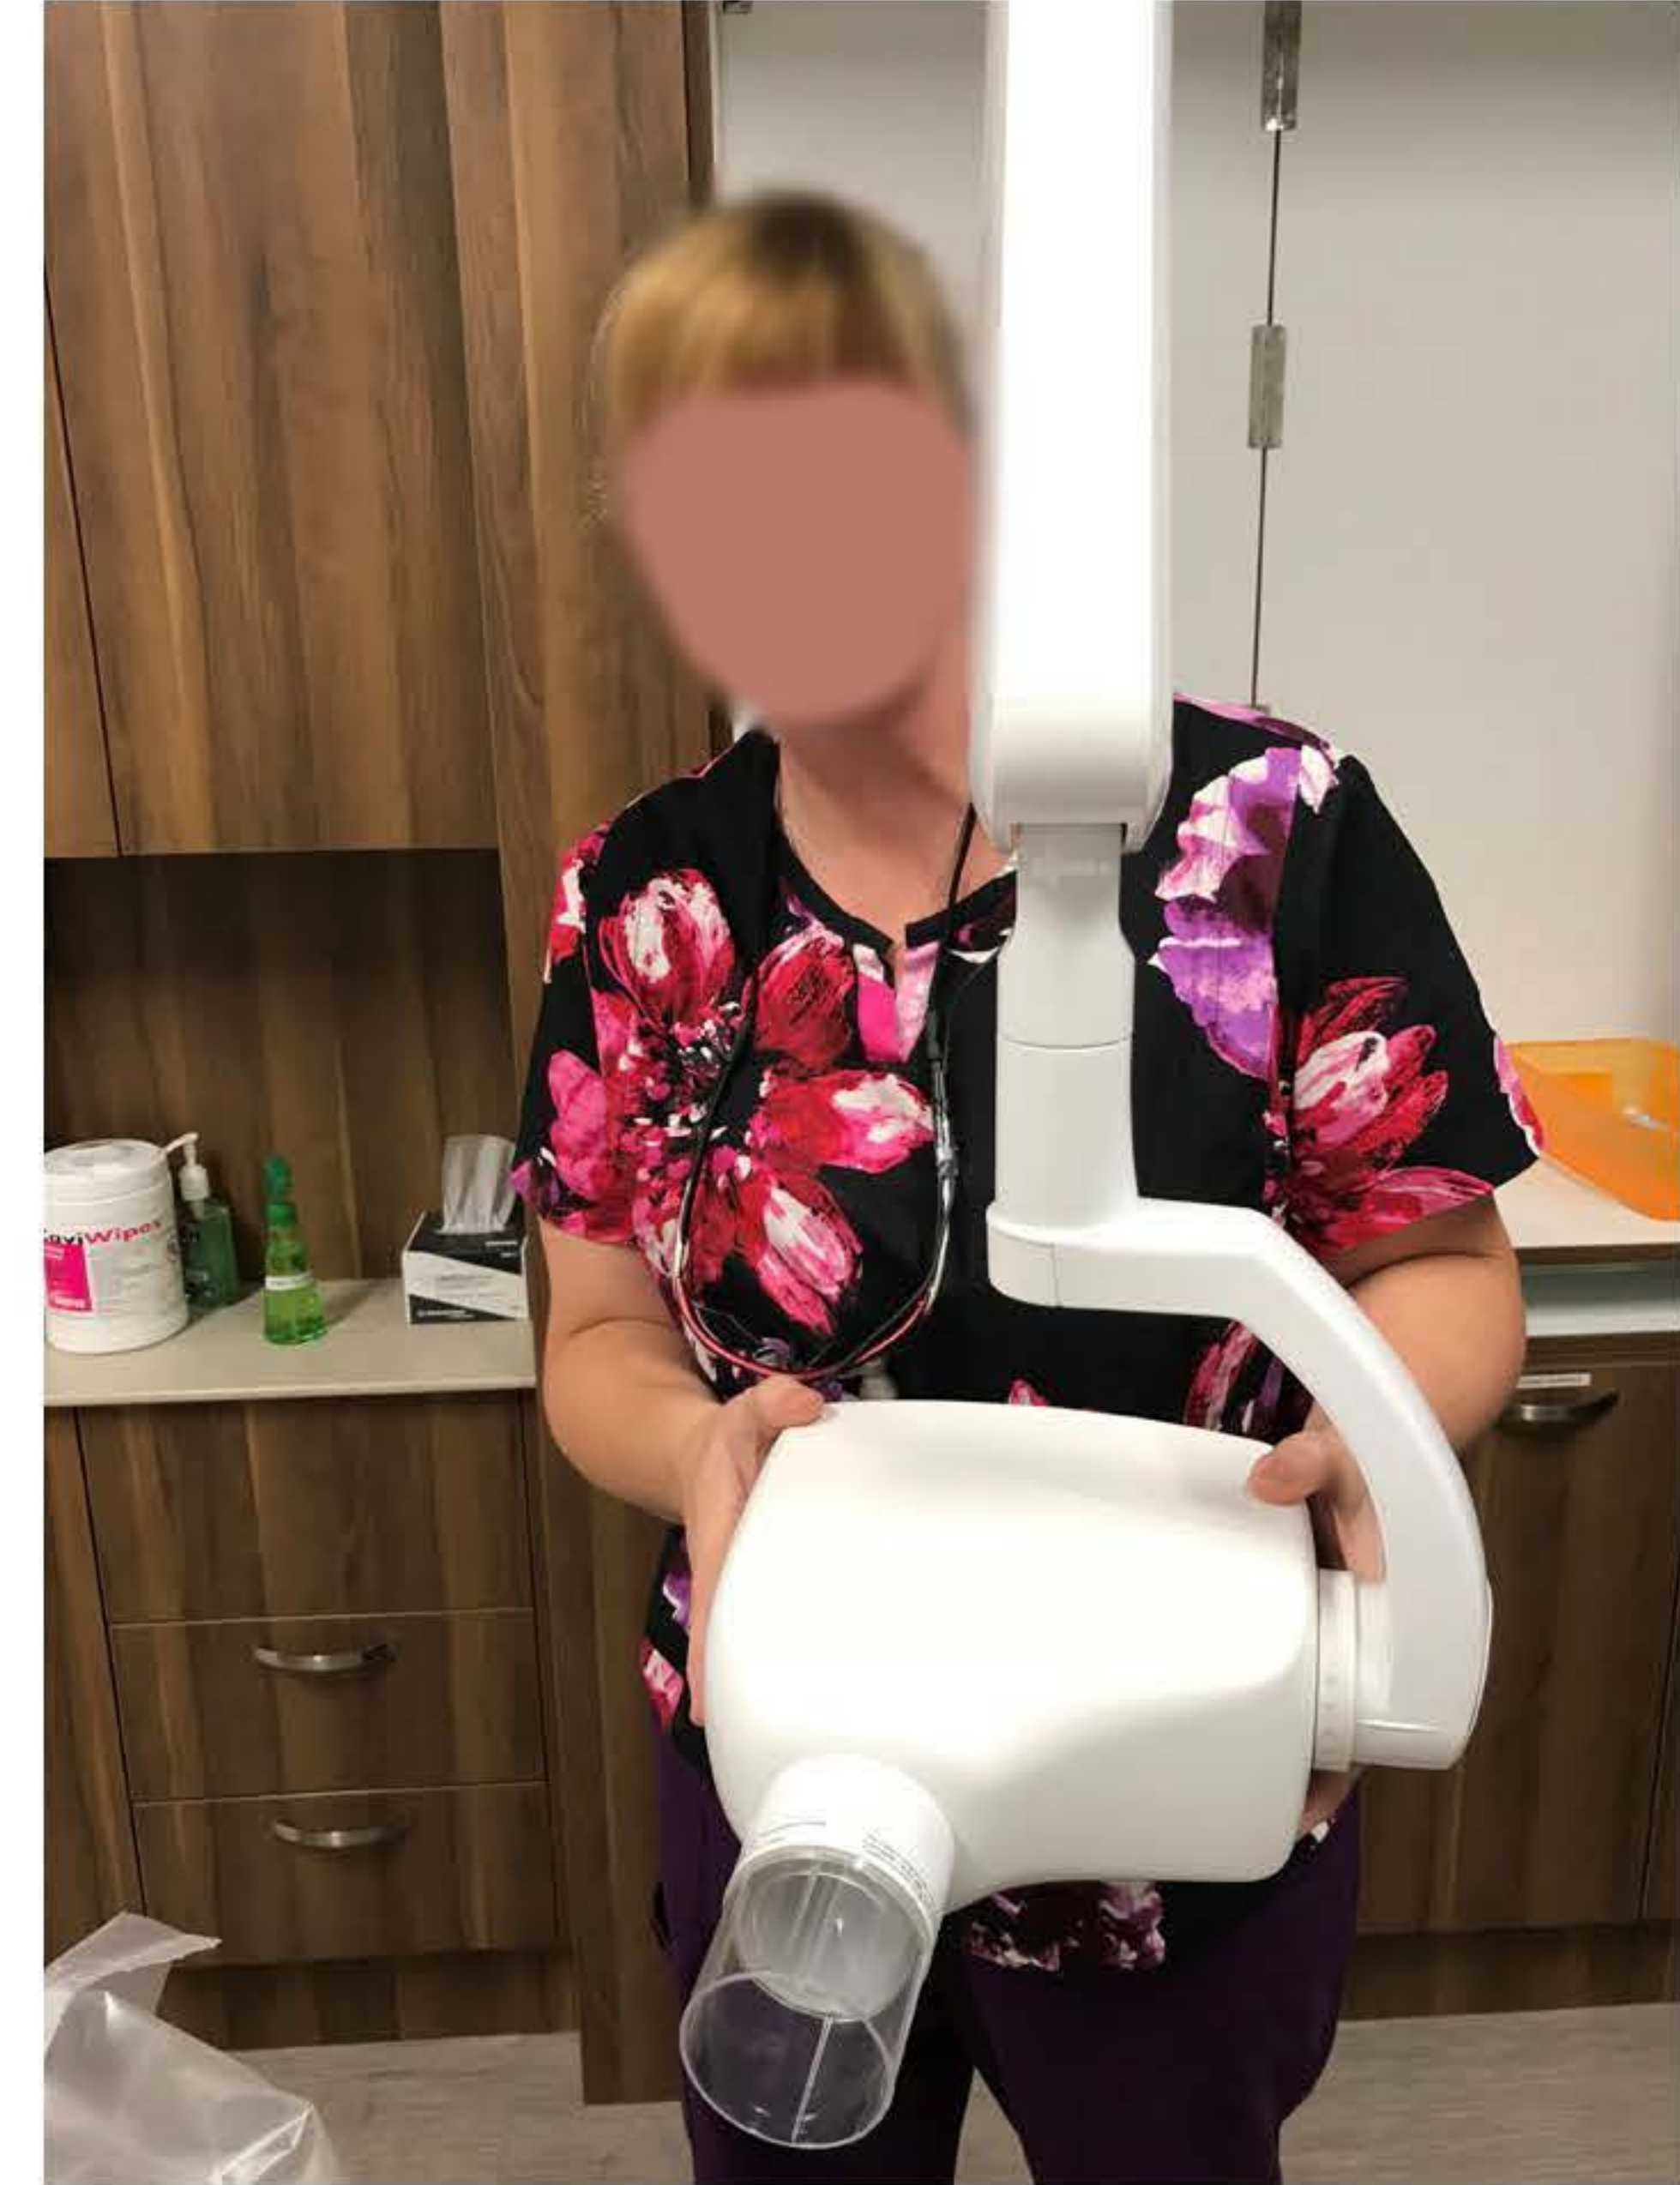

The team will check my weight.

See how easy it is?

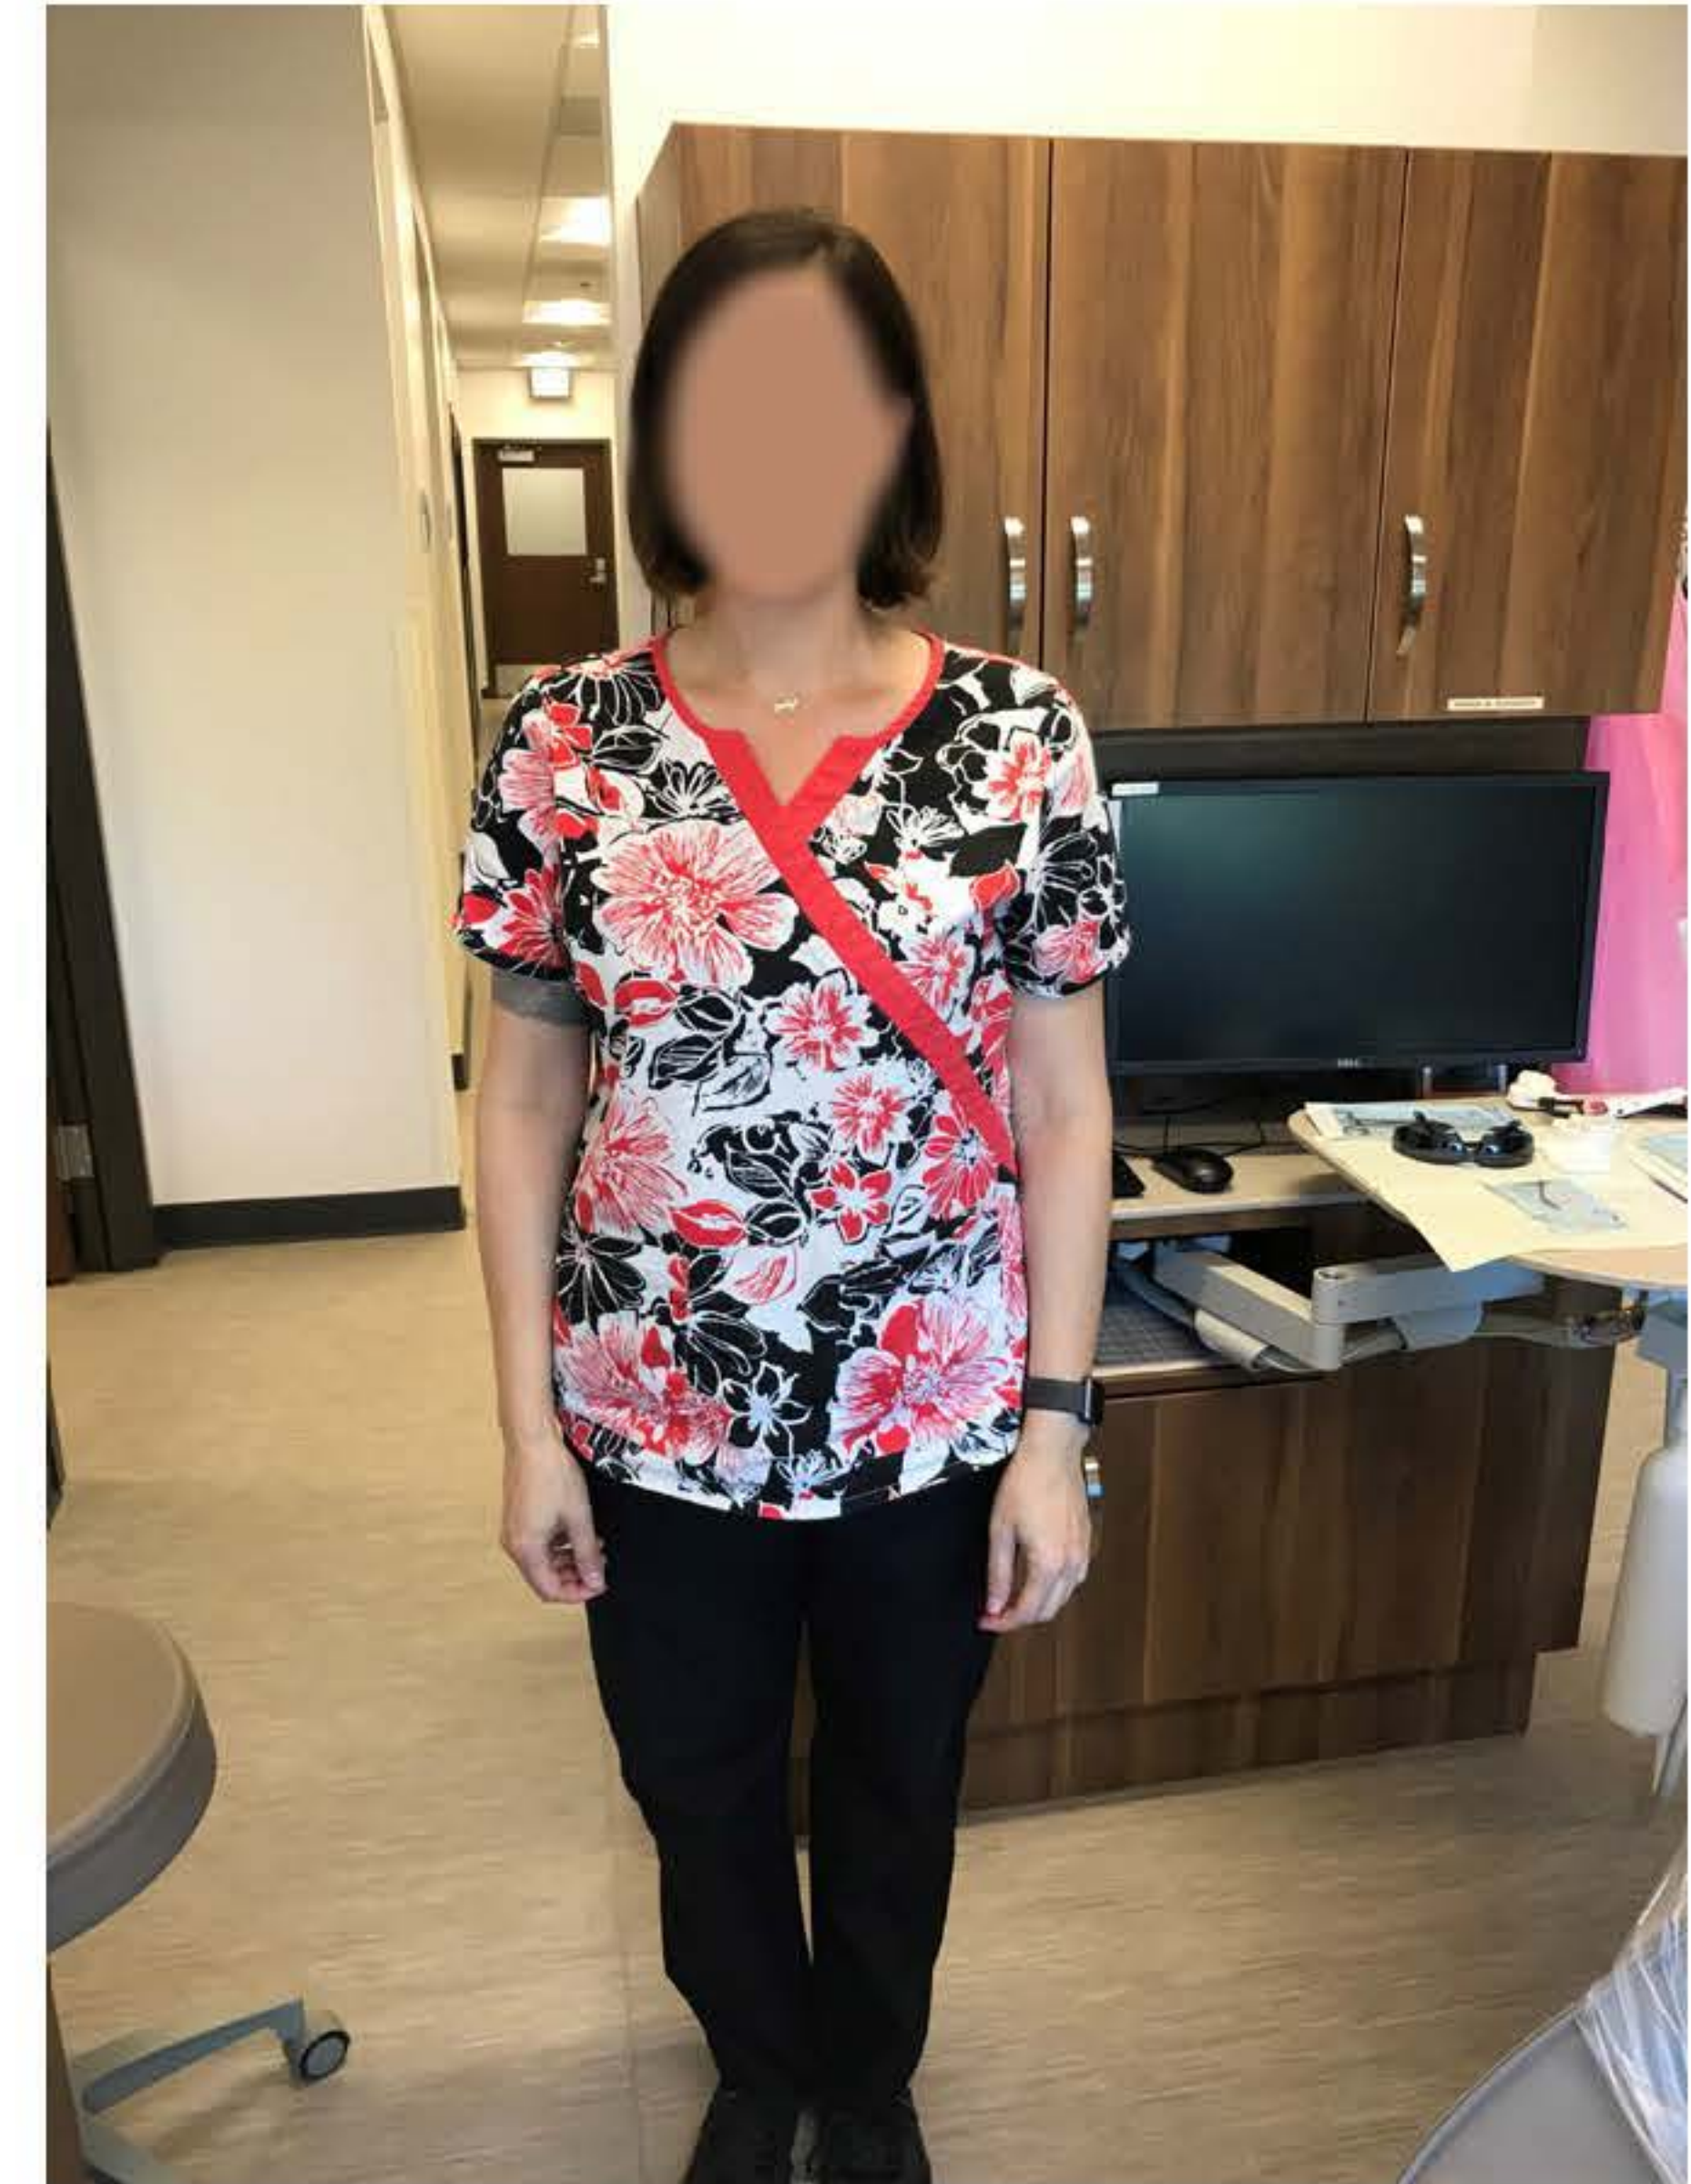

These are the things I will see in dental suite where I will meet the dentist.

This is Rachel. She is a dental hygienist I will meet.

**Rachel will put on
protective gear for my
safety and hers.**

**This is Kathy. She is a
dental assistant I will
meet.**

**Kathy will put on
protective gear for my
safety and hers.**

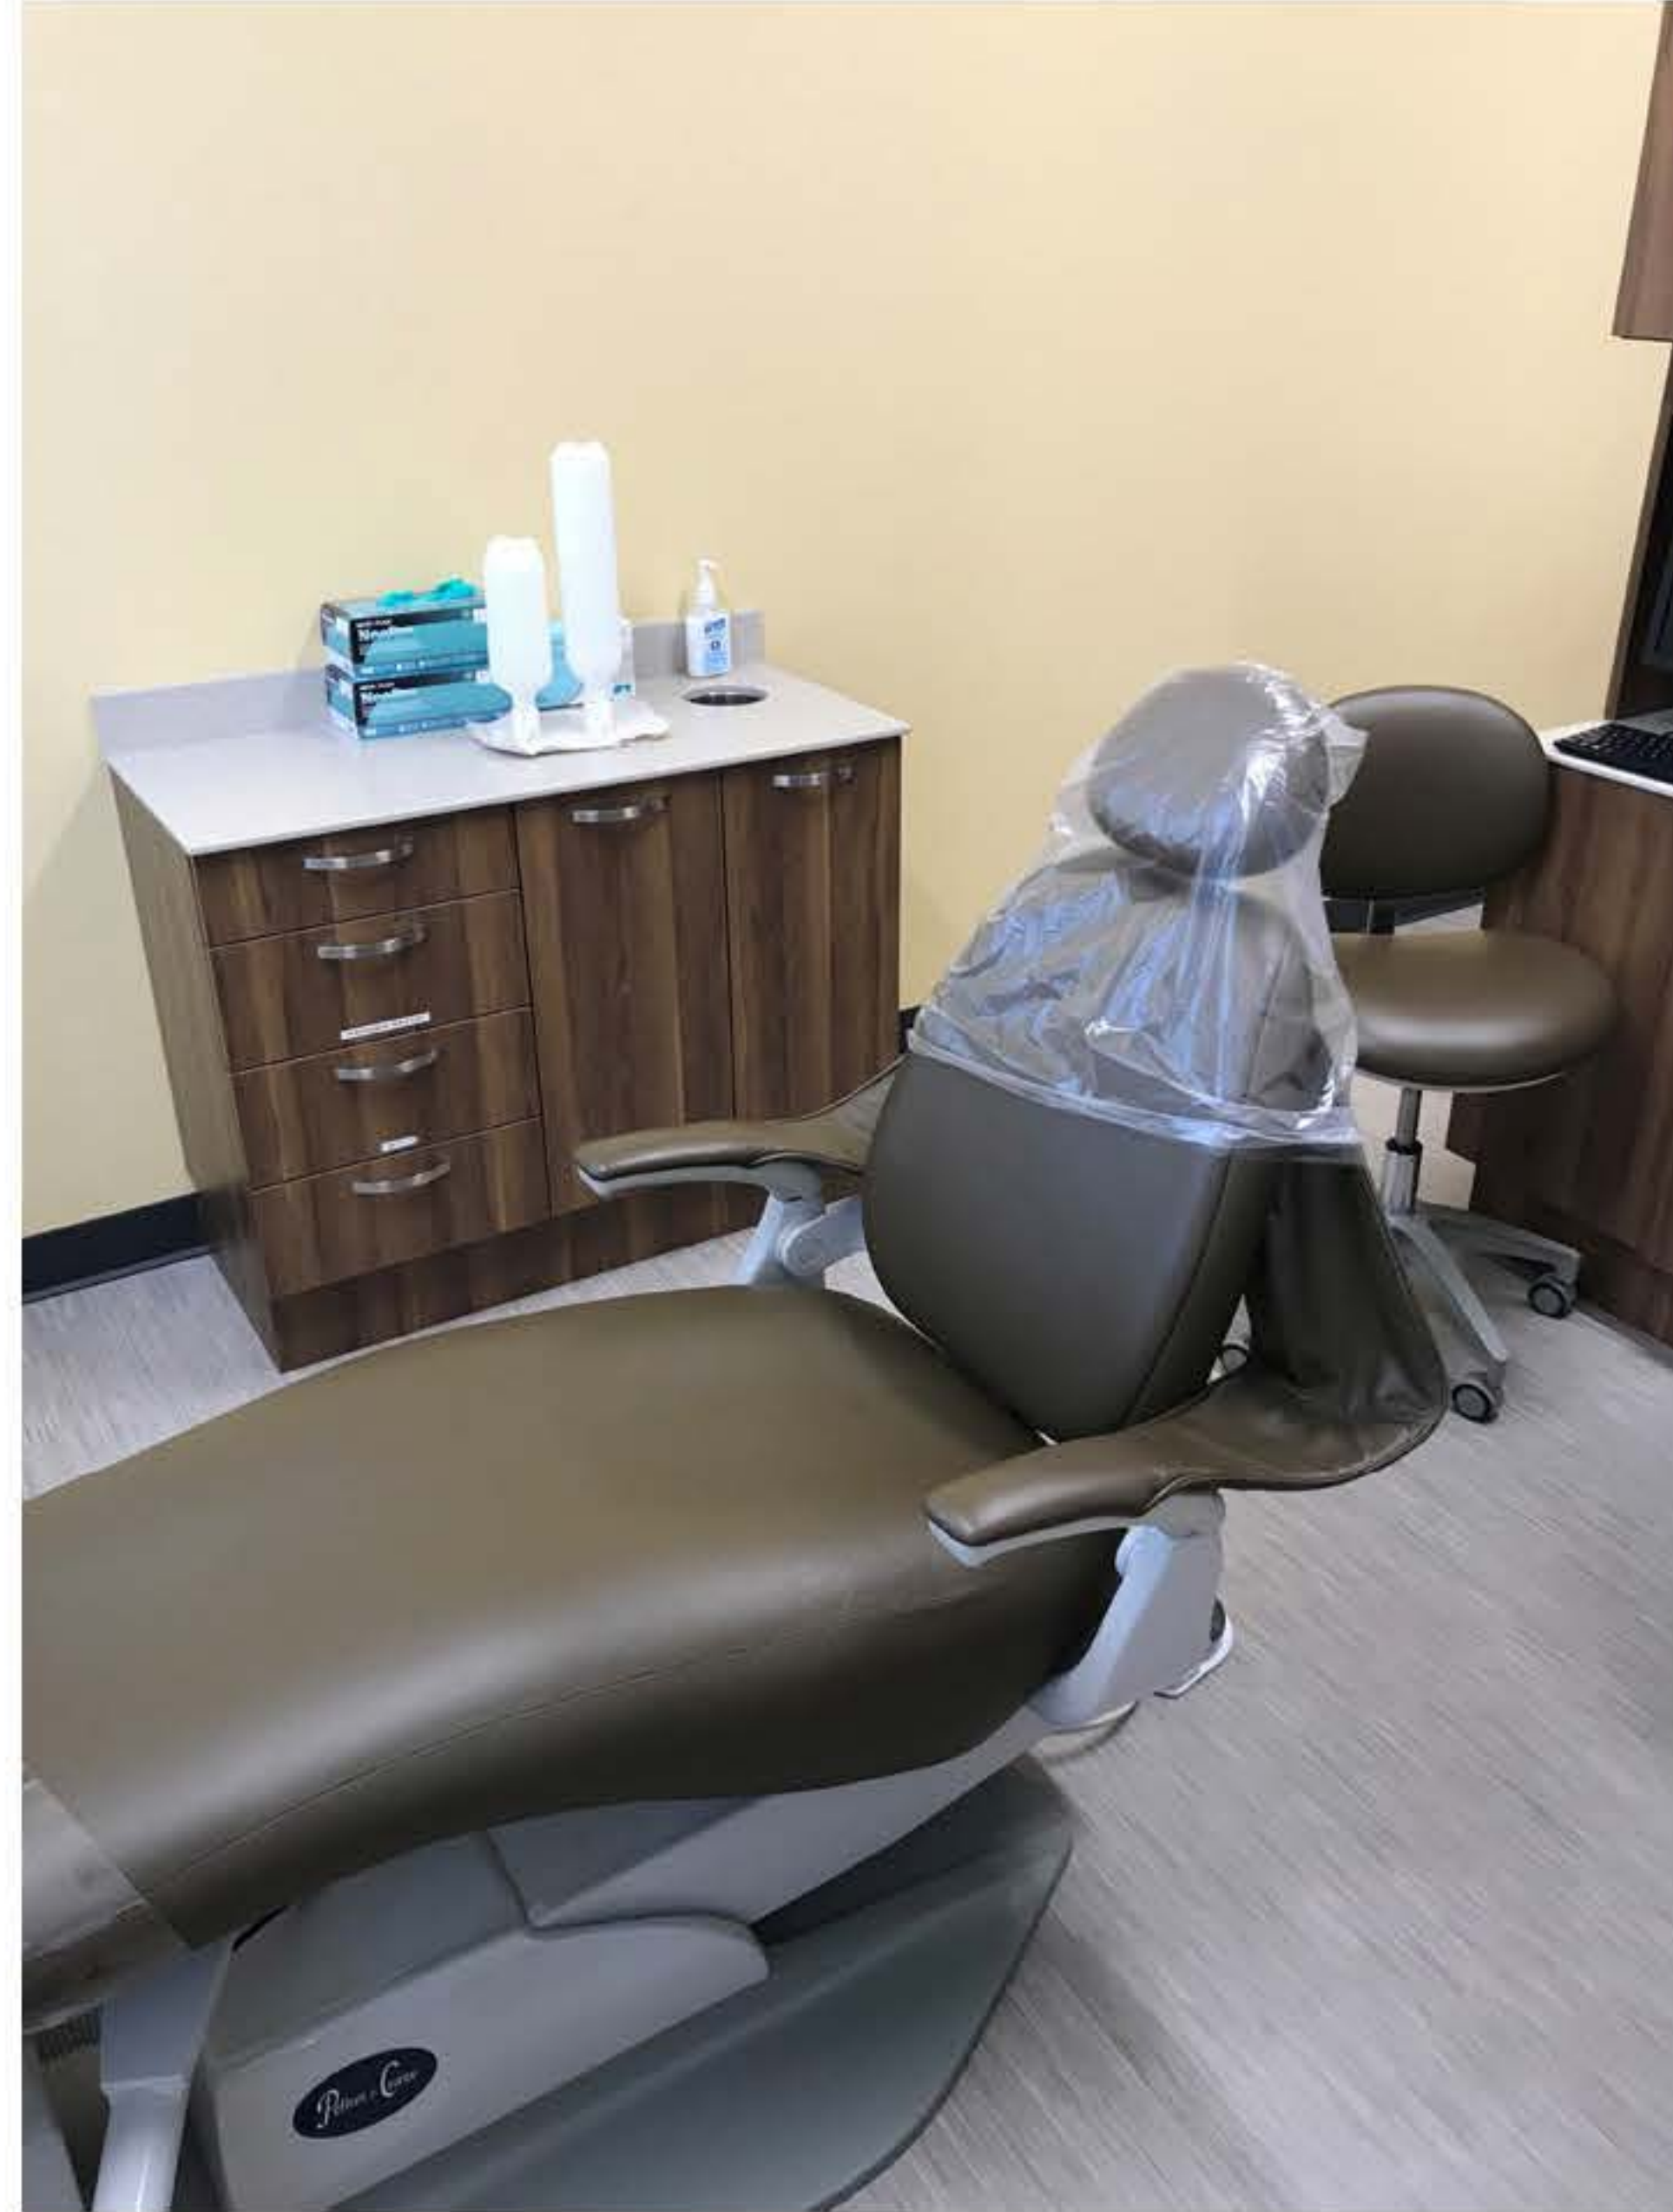

**This is Dr. P. She is the
dentist that will look at
my teeth.**

**Dr. P will put on
protective gear for my
safety and hers.**

**I will sit in this chair so
Dr. P can look at my teeth.**

**This is what the chair
looks like.**

See how easy it is?

**It's like a throne for a king
or queen!**

**Once I am in the
dental chair Dr. P will
come see me.**

**Dr. P will use this light
to help her look into my
mouth.**

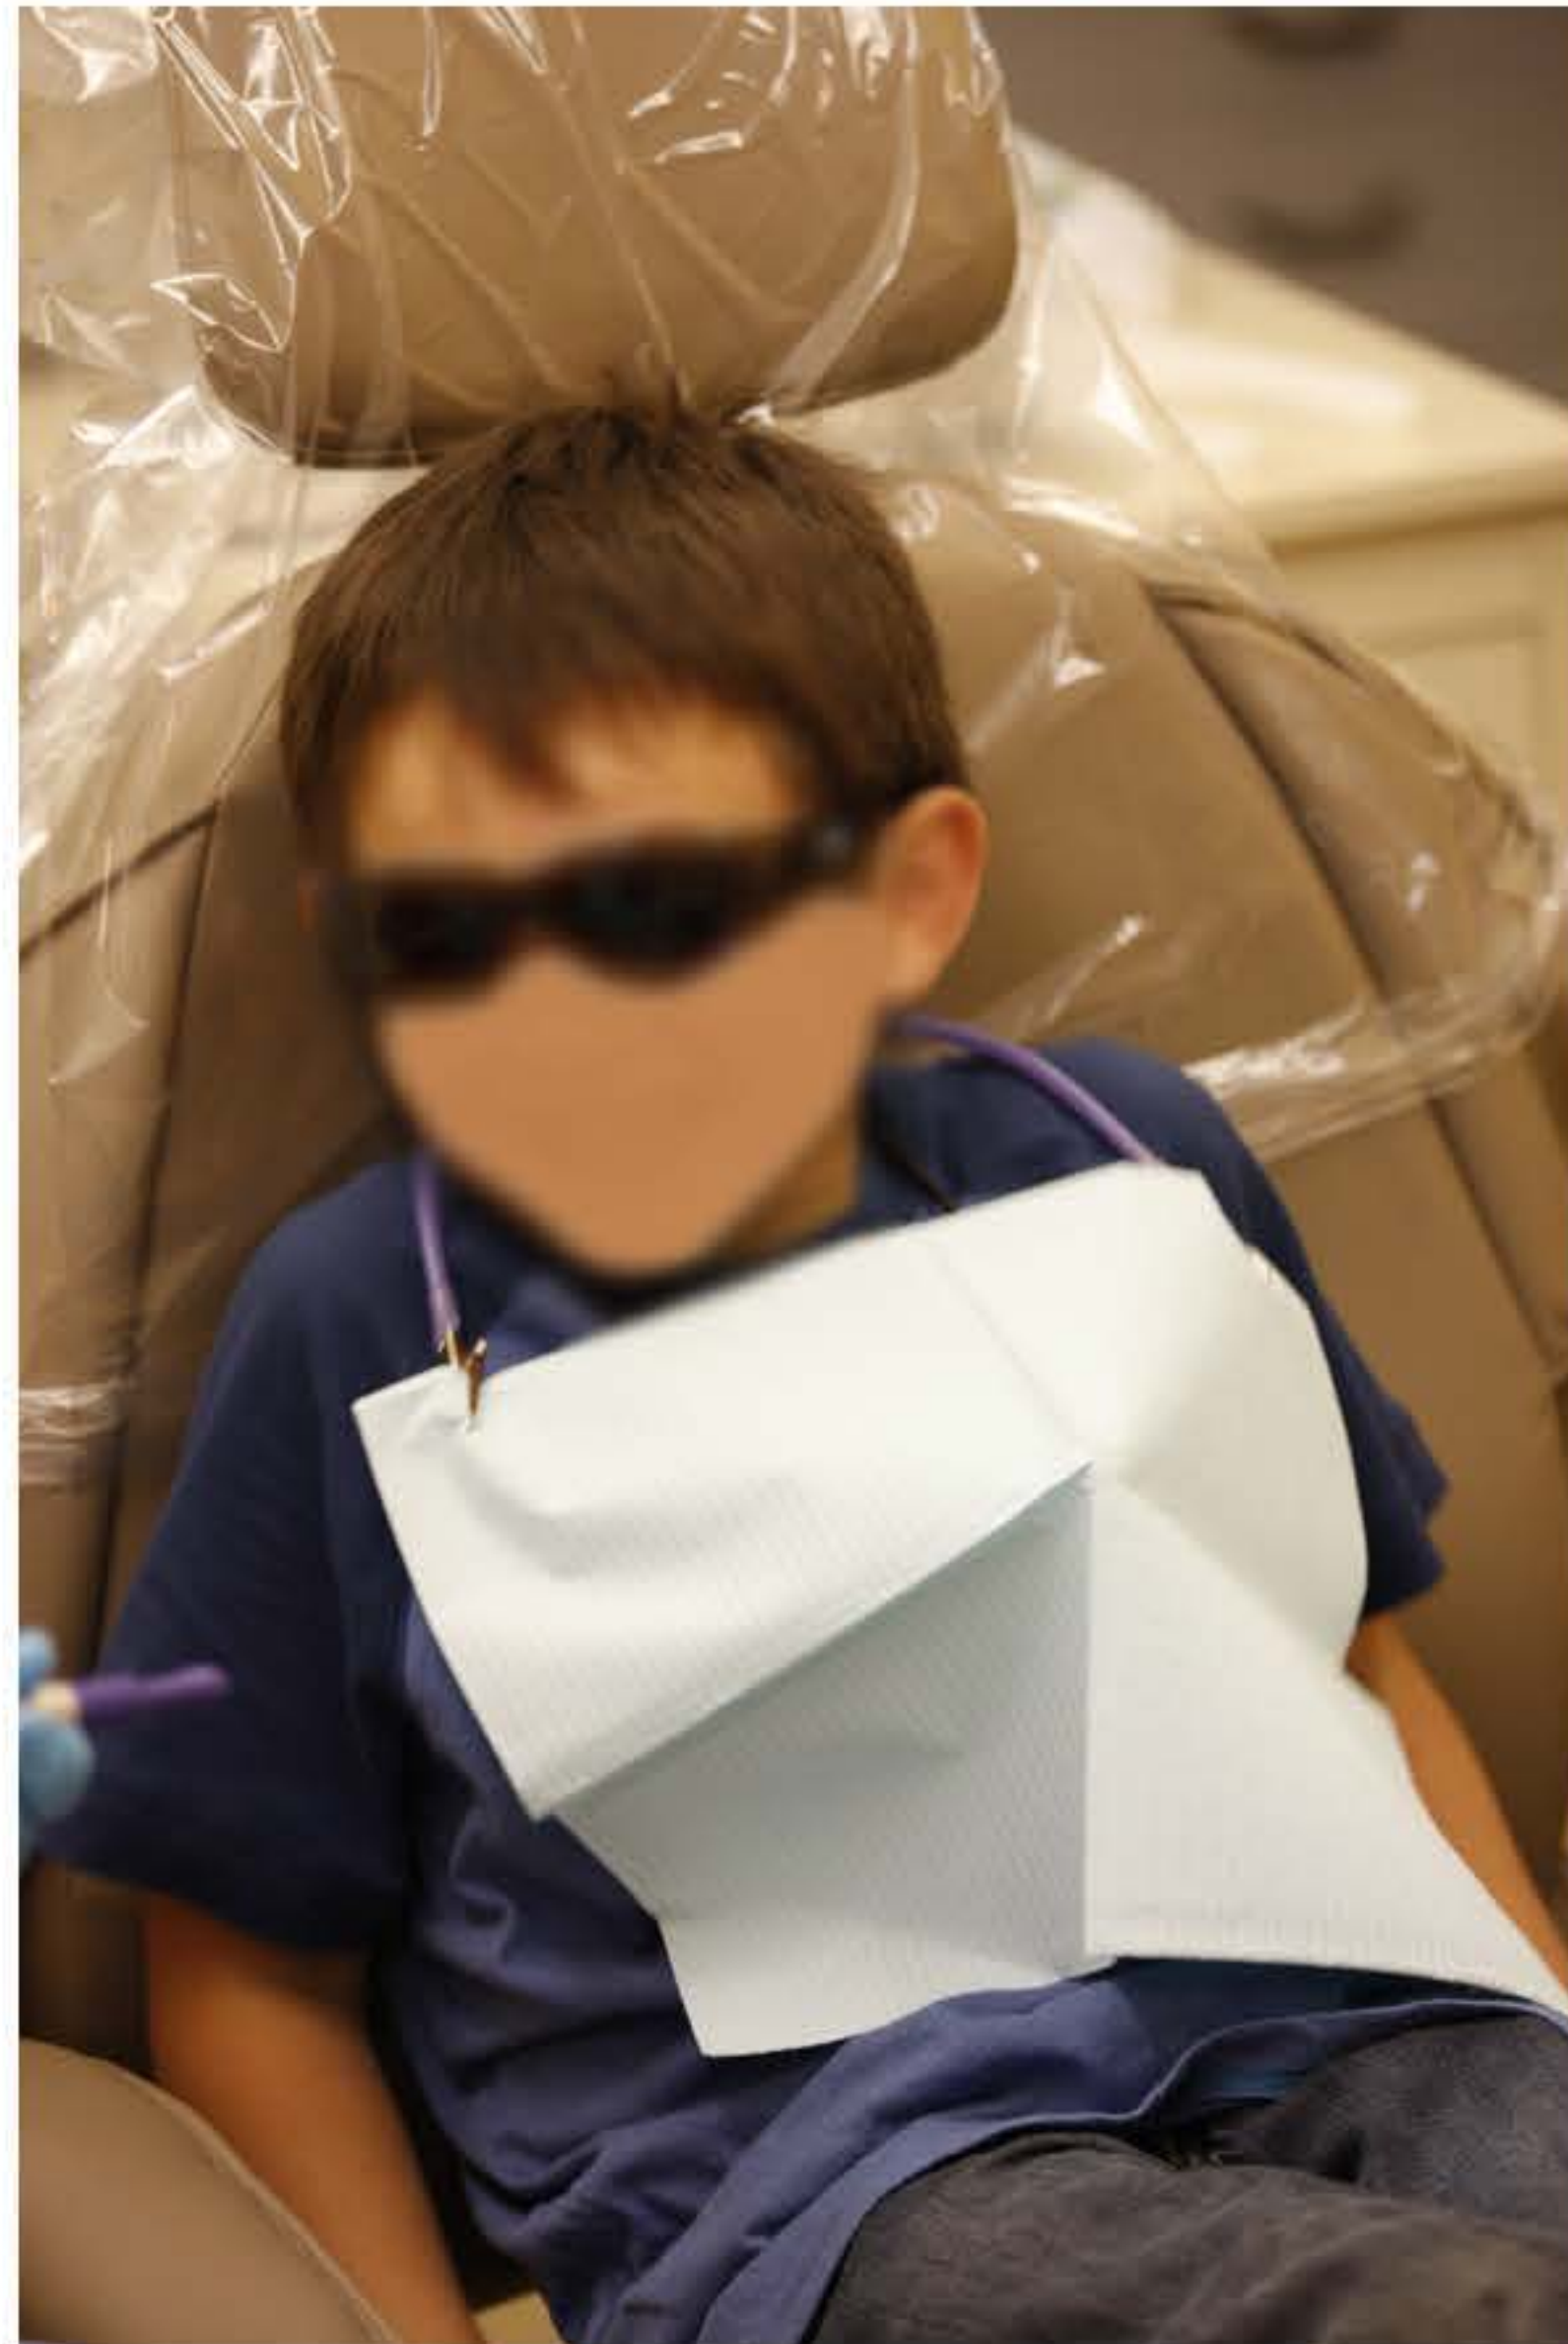

**The team will use special
tools that look like this to
help clean my teeth.**

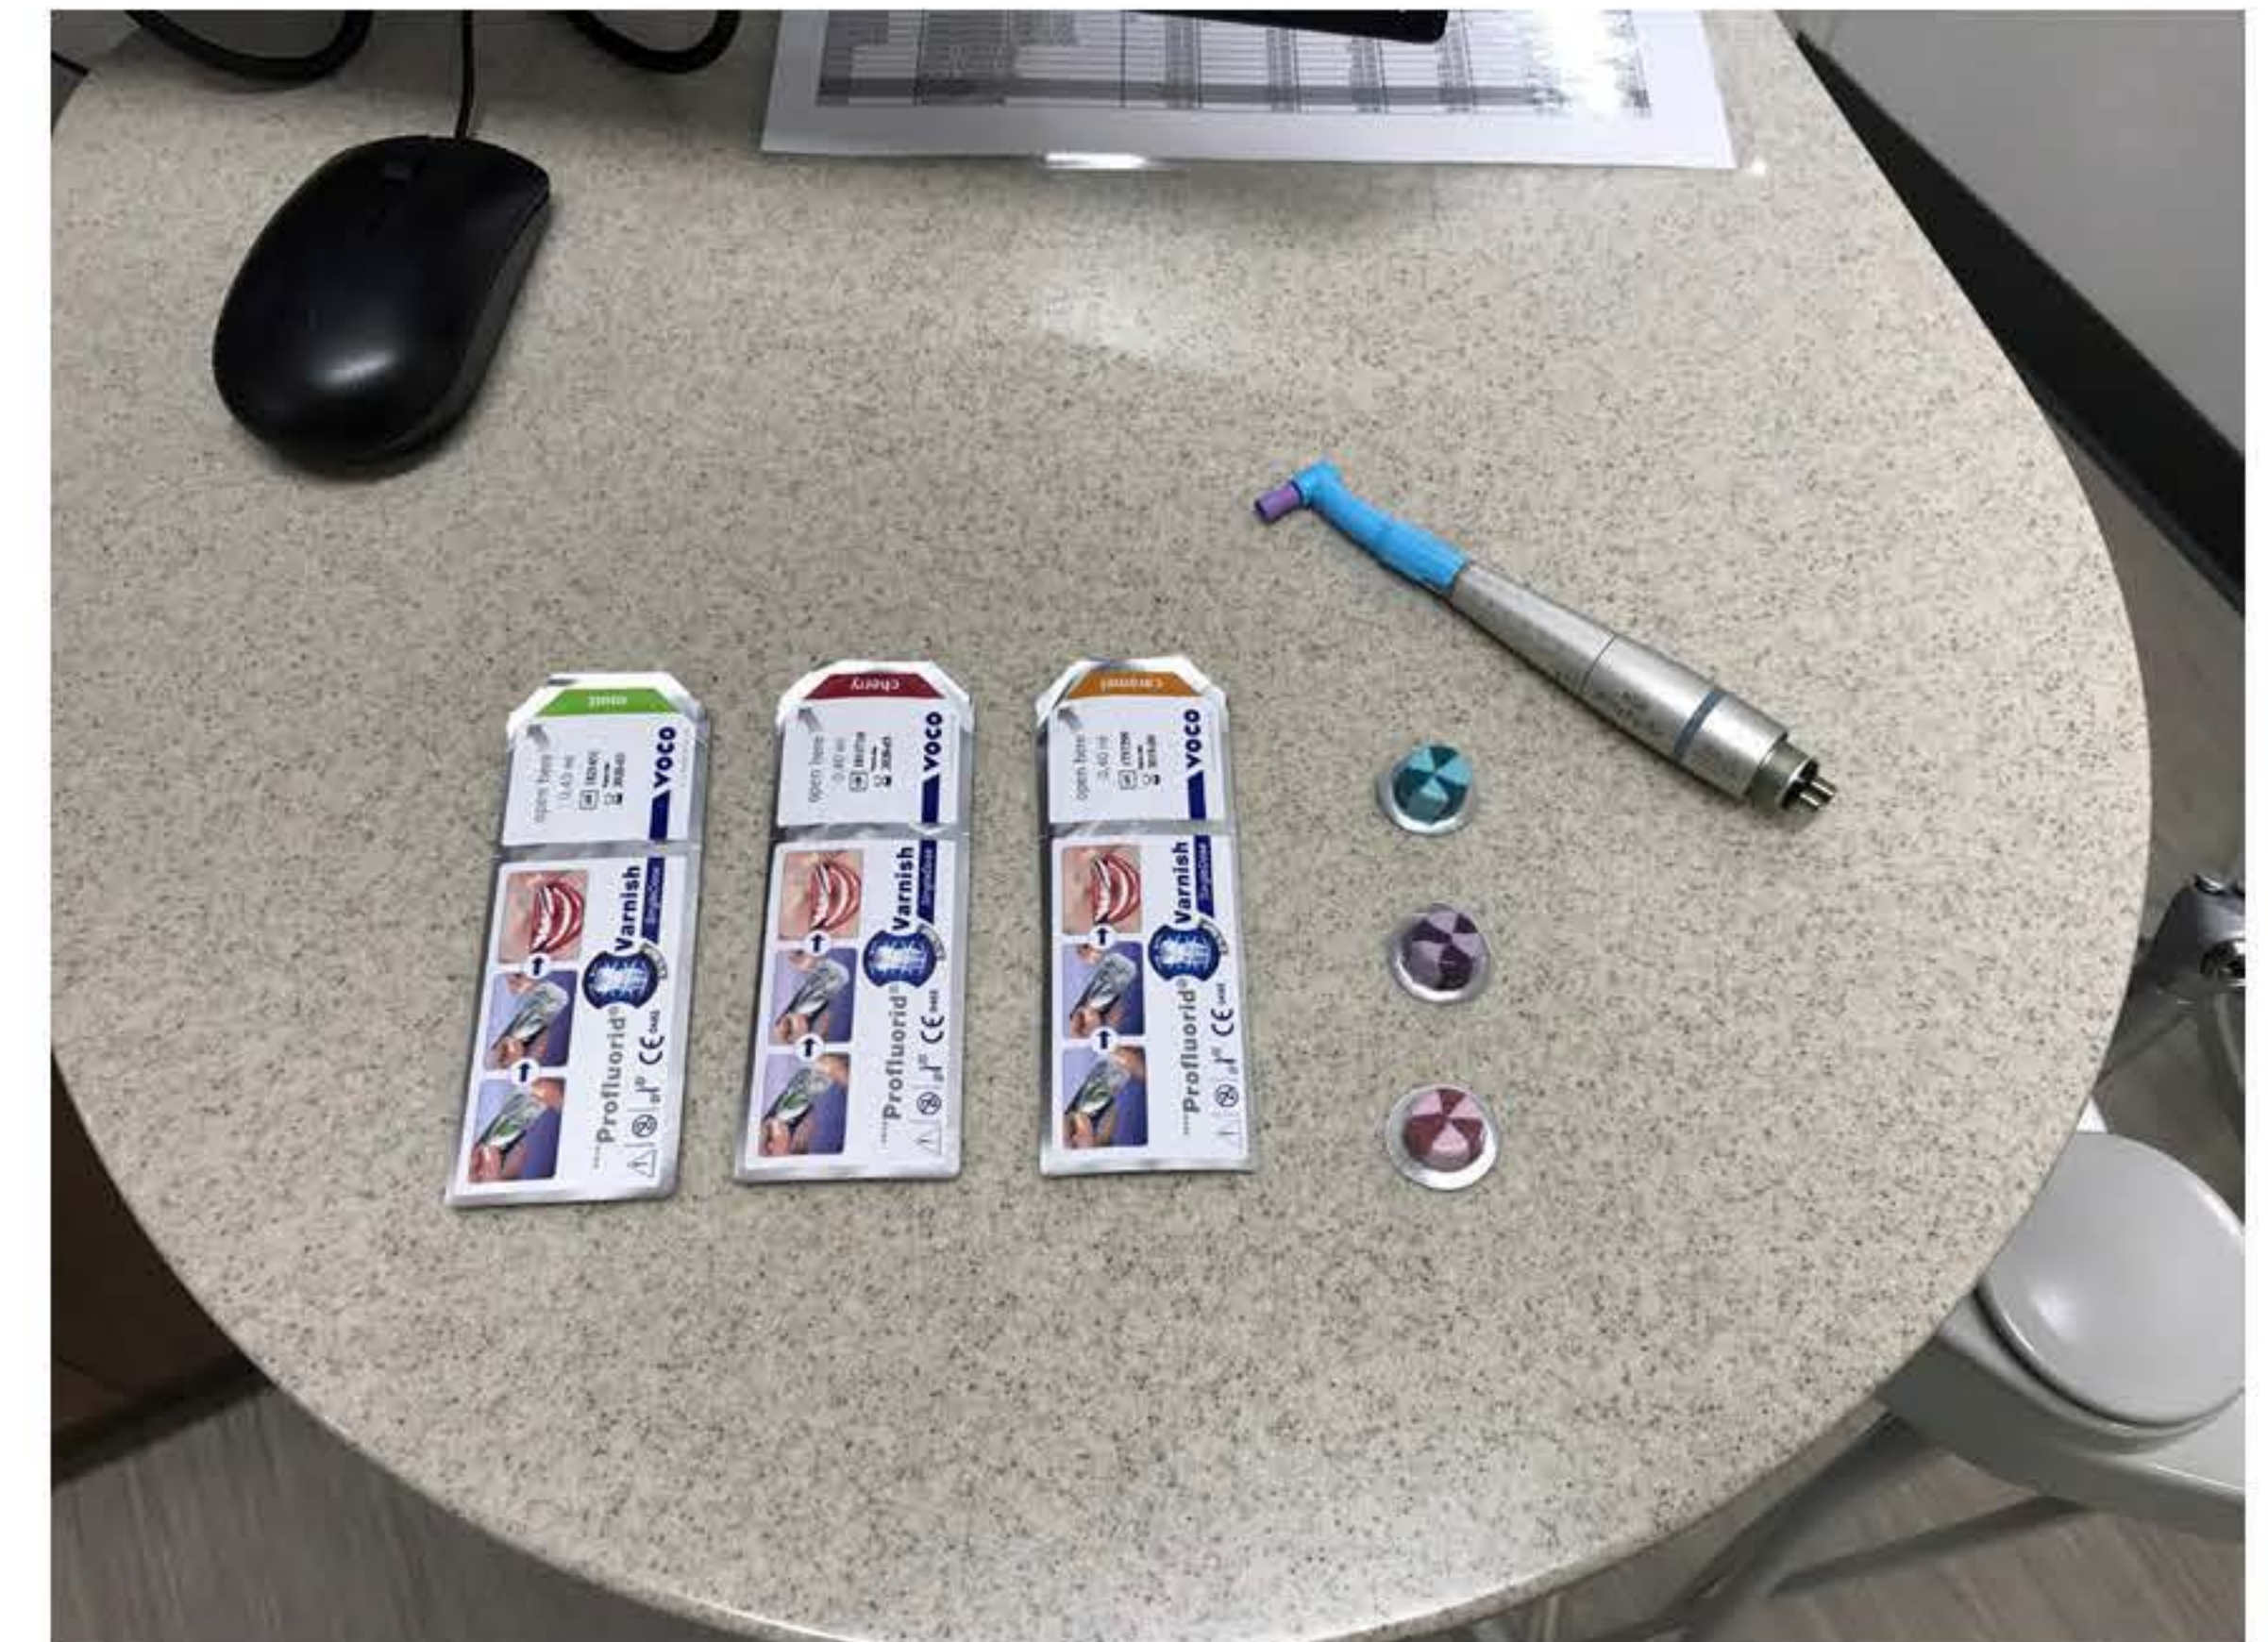

**I will learn how to brush
my teeth and take care of
them.**

**I get to wear special gear
to protect my clothes and
eyes.**

**It is fun to wear the bib
and glasses!**

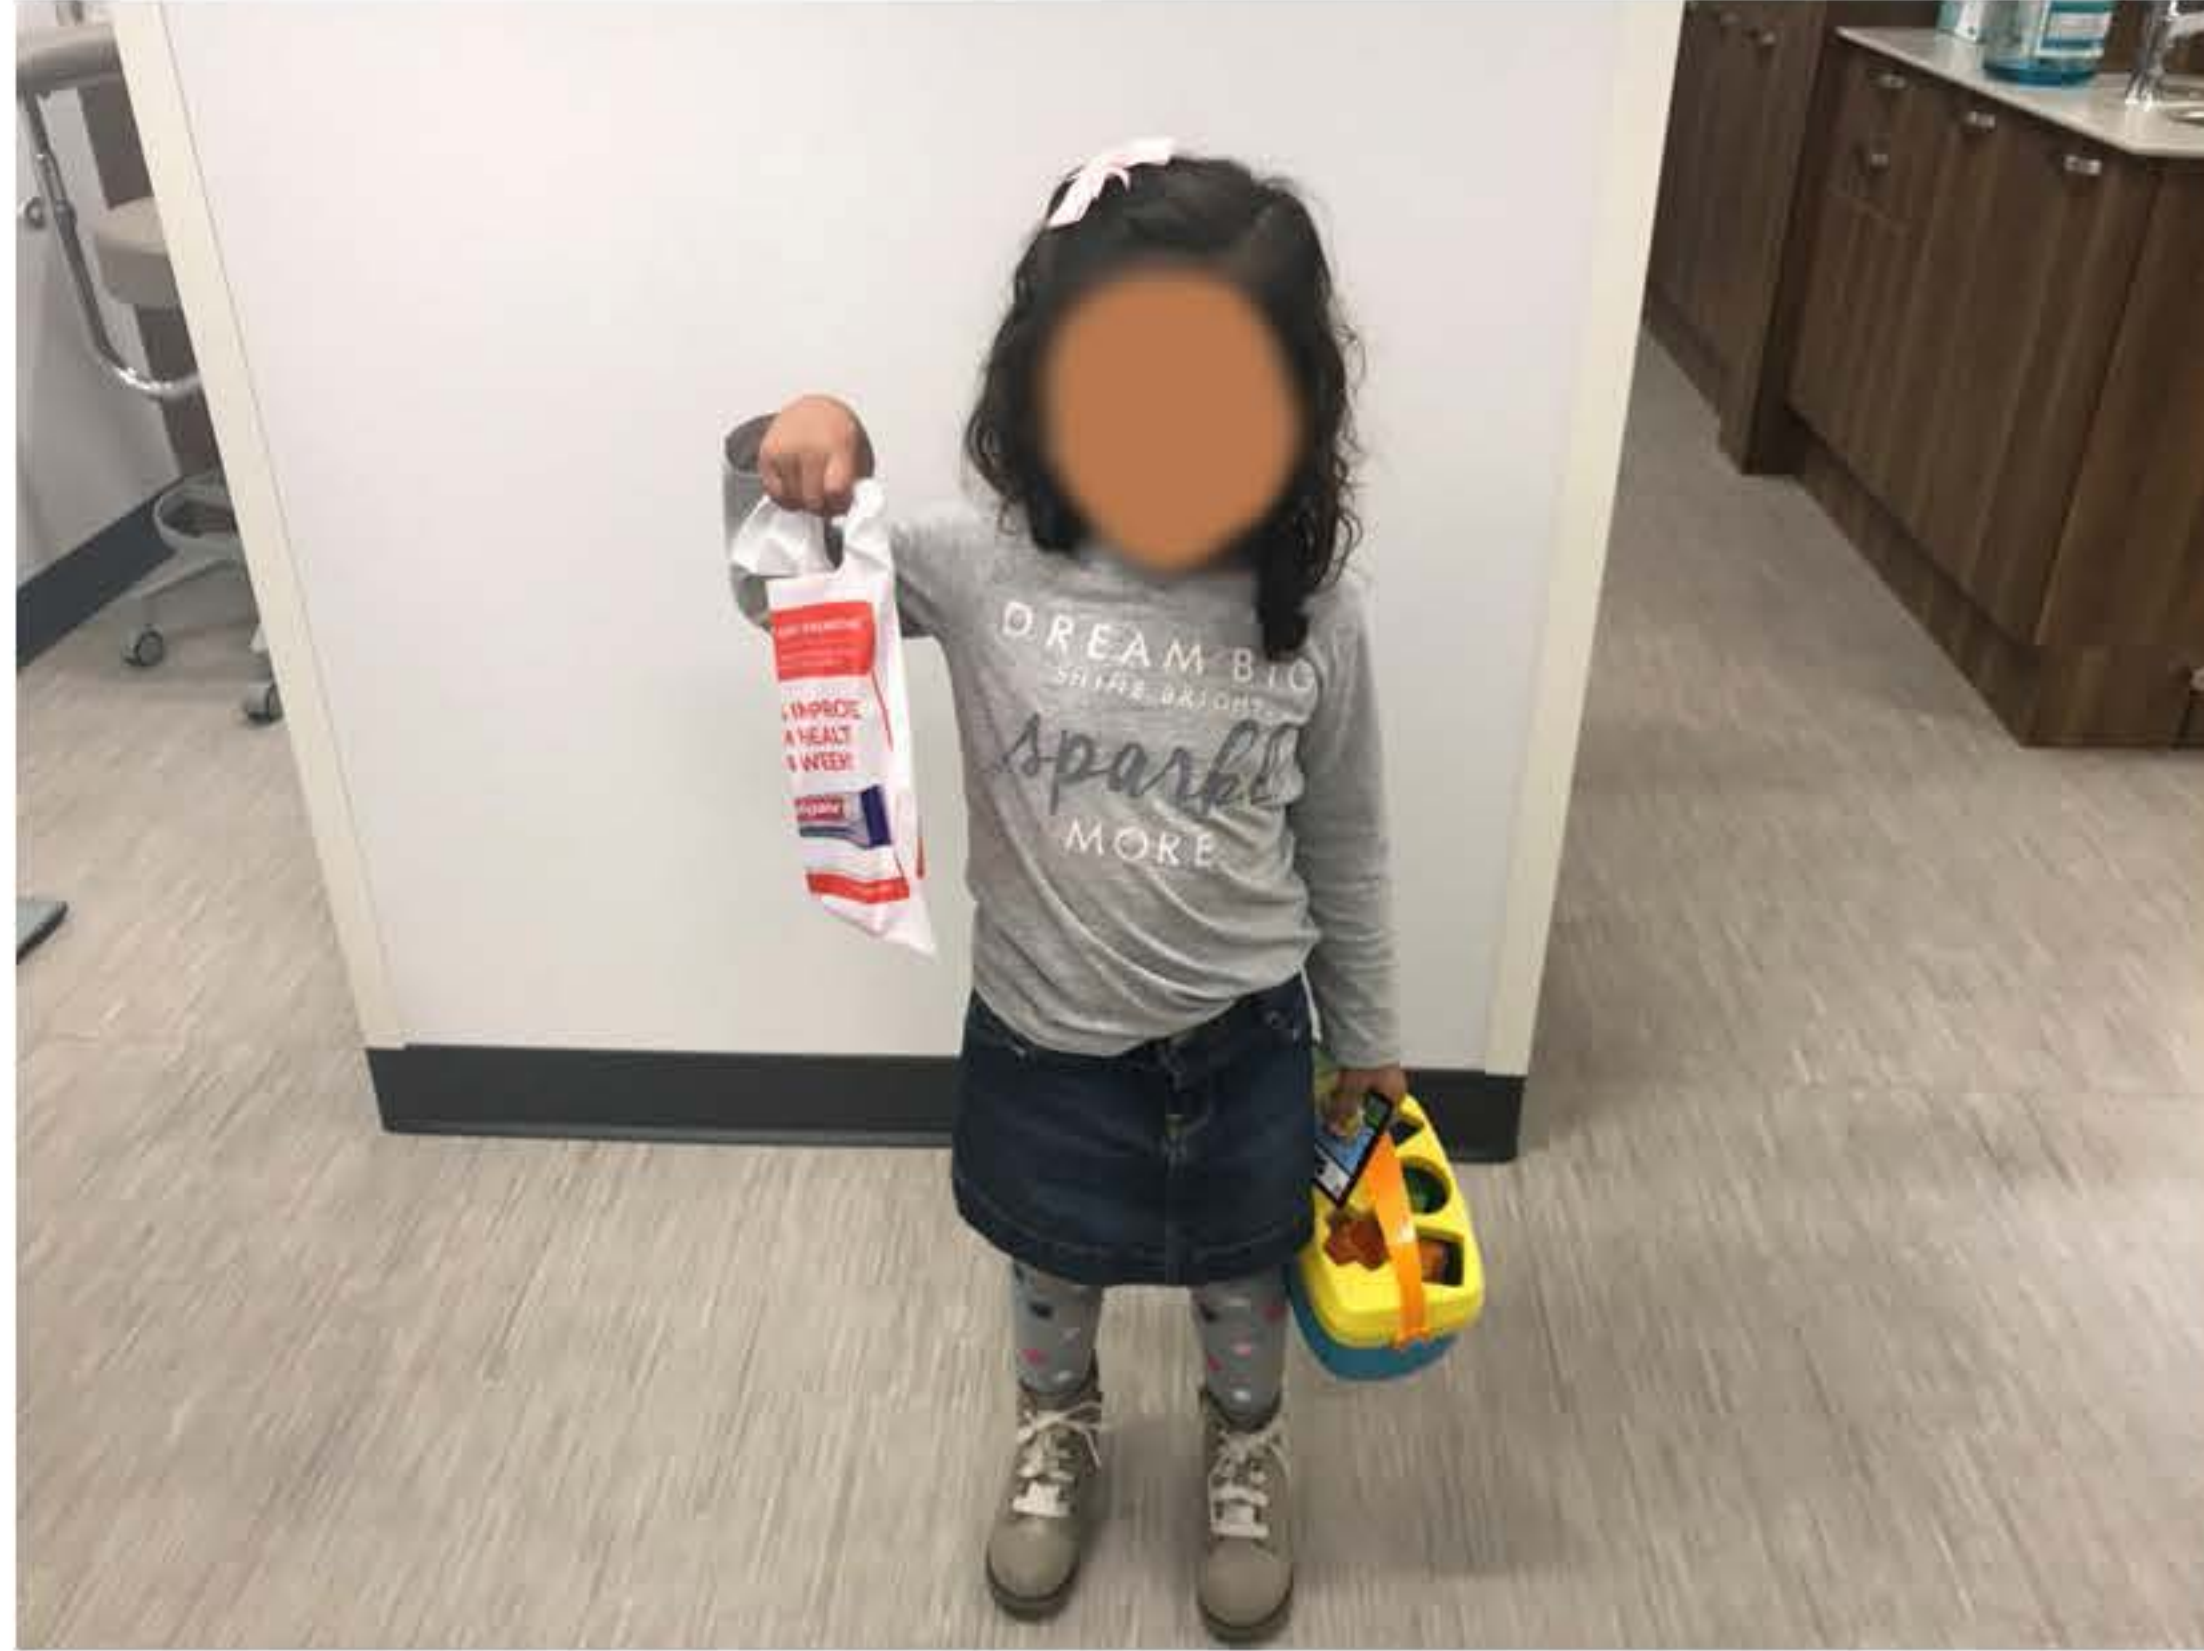

**These are some of the tools
the team might use.**

**The tools will be in a stand
right next to the dental
chair.**

**Once I have all my gear on
the team will tilt my chair
back and look at my teeth.
I have to open my mouth
wide and sit still for a
moment. I can do it
because I am brave!**

**Then I get some fun things
to take home to help me
take care of my teeth.**

**When I'm all done I get to
pick out a toy because
I am brave!
I will come back soon for
another check up!**
